

2011 Capacity Building Grant Project

The projects developed here are all answers to the 3 top social determinants that affect the health for Asian Americans; information was generated from the Survey and Conversation of the 2010 CBG Project. They are scheduled in accordance with their urgency and budget allocation. Specific goals for these projects are:

1. Help Asian Americans overcome language barriers
2. Offer education seminars/workshops to overcome social determinant barriers and help to improve their health
3. Provide transportation to education seminar/workshop attendees to achieve #1 and 2

Project #1	Survey Data Analyses Studies from Phase I Continued
-------------------	--

Project goal: To understand Asian Americans health & healthcare matters in details

Project manager: Judy Chen

Metrics options: # of reports; # of papers to be published; # of people involved

Project #2	Website Construction & Maintenance
-------------------	---

Project goal:

1. To share AC-SE MI program studies results, data & reports
2. To offer health info online and in Asian languages
3. To post education programs schedule
4. To offer links to other useful health sites, some in different Asian languages

Project manager (webmaster): Juming Cheng

Metrics options: a functional website; # of hits; amount of time on site; and # of exit evaluation plus their qualitative comments; # of e-mail contacting for more info etc.

Project #3	Education Program I – English as a 2nd language for Asian Americans
-------------------	---

Project goal: To offer Asian Americans English classes

Project manager: Remy Solarte

Metrics options: # of curricula developed; # of classes offered; # of people attended; attendee self- evaluation (skill learned, comfortable to engage conversation with others etc.) and class evaluation; pre- and post- testing skill; motivation and willingness to use English with others

Project #4	Education Program II - Computer Workshops
-------------------	--

Project goal: To offer Asian Americans basic computer skill classes

Project manager: Hwa-Sung Na

Metrics options: # of curricula developed; # of classes offered; # of people attended; attendee self- evaluation and class evaluation; pre- and post- testing of skill; motivation and willingness to use computer

Project #5	Transportation
-------------------	-----------------------

Project goal: To offer transportation to participants of education programs at AC-SE MI

Project Manager: Asian Center – SE MI staff

Metrics options: # of people riding the bus; cost of operation; usefulness of the service to participants.
